So Sentimental

February 2020

By Martin Stone of Martin's Mayhem
(United Kingdom)

The So Sentimental Bundle is just perfect for so many different things. From using the frames as frames to creating your own paper flowers.

Supplies

Stamp Set:

So Sentimental Cling Stamp Set (English) [151691]
Stitched So Sweetly Dies [151690]
Multipurpose Liquid Glue [154974]

Card Stock:

Whisper White A4 Thick Cardstock [140490]
Melon Mambo A4 Cardstock [119980]
Gorgeous Grape A4 Cardstock [147011]
So Saffron A4 Cardstock [108611]
Crumb Cake A4 Cardstock [121685]
Whisper White A4 Cardstock [106549]
Granny Apple Green A4 Cardstock [147014]

Tools & Adhesive:

Stampin' Dimensionals [104430]
Stitched So Sweetly Dies [151690]
Multipurpose Liquid Glue [154974]
Paper Snips [10357]
Rhinestone Basic Jewels [144220]
1/2" (1.3 Cm) Circle Punch [119869]
Delightful Tag Topper Punch [149518]

Ink Pads:

Tuxedo Black Memento Ink Pad [132708]

Assembly

1. Taking your Whisper White card stock, cut down to 14.8cm x 21cm (5½ x 8½) and score across at 10.5 or 4¼. This will create a standard C6 card base.

2. I would get all the die cutting over and done with. You will want to take the largest scalloped rectangle and cut the following:
 - One full rectangle in Crumb Cake
 - One two scalloped wide piece of So Saffron
 - Five one scalloped wide in a mixture of Melon Mambo & Gorgeous Grape
3. To create the small flowers fold one scallop inwards, this will create a triangle fold in the card stock. You will need to do this six time and cut after the seventh scallop. This will create a circle of scallops which when you adhere the ends together will create your flower. I secured this down with down using a dimensional on the back.
4. To add the centre part to the flower take the Delightful Tag Topper Punch to punch out the circle in So Saffron. Adhere this to the centre of your flower with some Multipurpose Liquid Glue.
5. Taking a piece of Whisper White card stock that measures 3cm x 7.5cm stamp the sentiment 'Your Friendship is a Blessing' in Memento Ink.
6. Adhere the So Saffron Scalloped edge behind your sentiment.
7. You will want to adhere the Scalloped Rectangle in Crumb Cake onto your card base. I cut one of the edges off of out Crumb Cake piece to have a flat edge. Add your sentiment over the top aligning it with the edge of the card base.
8. Grab a piece of Granny Apple Green and punch out a circle using the ½ inch circle punch. Taking your punched shaped place it back into the punch and you will see a basic leaf shape. Punch again to punch out the shape. I created two sizes, larger ones to sit behind the flowers and smaller ones to create the scattered leaf affect.
9. Take the back off the dimensional on our flowers before adding the punched leaf. Once this is attached adhere to your card. I added five in total to the card.
10. To fill the remaining area adhere some of the smaller leaves with some Multipurpose Liquid Glue.
11. To finish the card off add some Rhinestones.
